SPONSORSHIP OPPORTUNITIES EXPLAINED

Gifts From The Greenbelt

We've partnered with local vineyards and farms to support Bay Area businesses and help sustain the region's agricultural bounty and to bring you and your friends a special monthly gift from the Greenbelt.

Home-Cooked Meals to Families in Need

We've partnered with Chef Christopher Evan Taylor, founder of Chris Evans Events and Catering to help feed families in the Oakland and San Francisco communities during the COVID-19 Quarantine. From October-December Chris and his team will provide meals to community organizations to feed families in need.

Future Climate Webinar Series

The Future Climate is a series of conversations, panels, and Q&A on adapting to climate change through smart city planning, conservation, equity, and more. Promotion of each event reaches over 10,000 subscribers plus multiple partner organizations, with individual episodes broadcasting to over 150 live participants.

GREENBELT ALLIANCE

— ABOUT US —

Your support over the coming year will help jumpstart our new vision for a climate resilient Bay Area. **We educate, advocate, and collaborate to ensure the Bay Area's lands and communities are resilient to a changing climate.**

To us, this looks like:

- All Bay Area people enjoying thriving places to live, work, and play, and connecting with nature in new and beautiful ways.
- Our most vulnerable communities staying safe during climate disasters and recovering quickly after the next wildfire, flood, or drought.

OUR PROGRAMS

Climate Risk Research • *Climate Data That Drives Policy Decisions*

We produce original research that guides local and regional conservation and land-use advocacy for policies that incorporate climate risks and adaptation measures while avoiding development in high-risk areas.

Accelerating Climate Resilience • *Forwarding Policies That Build Climate Resilience Now*

We develop planning guidance and innovative policy strategies that will bolster capacity and support local and regional efforts to implement equitable, climate-resilient land use decisions.

Climate SMART Development • *Creating Sustainable, Mixed, Affordable, Resilient, Transit-oriented Communities*

We promote equitable, climate resilience through Sustainable, Mixed, Affordable, Resilient, Transit-oriented development within existing urban and suburban areas.
